#### CARES Act Information & Application

Cook County received approximately \$429 million from the U.S. Treasury from the CARES Act. Under the Act, units of local government with a population exceeding 500,000 are eligible to receive this funding and can distribute these funds to municipalities under this threshold for direct expenses related to coronavirus. Per the CARES Act, these funds are NOT eligible for loss of revenues many local jurisdictions are unfortunately facing and only authorized for direct COVID-19 expenses. Cook County has chosen to allocate \$51 million of this relief among the municipalities located within Cook County.

- Please copy a second contact on the application should the sender become unavailable (go on vacation, etc.)

## **When** should I apply for funding?

- If you have FEMA-eligible expenses, apply there first!
- Cook County CRF Applications are being processed on a rolling basis

# A Closer Look: Payroll Documentation Requirements

Per the Treasury Guidelines: A local government may presume that payroll costs for public health and public safety employees are payments for services substantially dedicated to mitigating or responding to the COVID-19 public health emergency, unless the chief executive (or equivalent) of the relevant government determines that specific circumstances indicate otherwise.

## What documentation is required for payroll expenses for **Public Health & Safety workers**?

- List of Employees & Job Titles
- Timesheets
- Hourly rates or pay

## What documentation is required for **non-public health & safety staff** whose time became substantially dedicated to COVID-19?

- List of Employees & Job Titles
- Timesheets of hours dedicated to responding to COVID-19
- Description of activities relating to COVID-19
- Hourly rate

# Guidance: Sick Leave

Sick Leave is eligible for reimbursement through the CRF...up to a point

## How do I know if I can be reimbursed for **paid sick leave** for a Federal, State, or local quarantine or isolation order related to COVID-19?

*For purposes of the Families First Coronavirus Response Act (FFCRA), a Federal, State, or local quarantine or isolation order includes quarantine or isolation orders, as well as shelter-in-place or stay-at-home orders, issued by any Federal, State, or local government authority that cause you to be unable to work (or to telework) even though your employer has work that you could perform but for the order.*

- Applies regardless of whether the quarantine was in response to workplace or personal exposure
- Up to **80 hours sick leave** (made available through FFCRA) is eligible for reimbursement through CRF; documentation can include your FMLA Policy, COVID-19 Sick Leave Policy
- Families First tax credit isn't applicable to public entities

# A Closer Look: IGA & Resolution

IGA questions primarily focus on the associated Resolution required.

## What is an **IGA**?

- The Inter-Governmental Agreement (IGA) specifies the terms and conditions associated with the County providing CRF funding to the Subrecipient (a Suburban Municipality, for example)

### Notes:

- Elected official must sign (usually a Mayor)
- Fill in all date fields except for those specified for County approval
- Fill in last page (“Attachment B”)

## What is the required **Resolution** associated with the **IGA**?

- In the requested Resolution, the Village’s legislative body (usually a Board) authorizes the Village’s elected official to enter into the IGA with Cook County
  - A municipality should follow typical protocols associated with its legislative resolutions and provide the County with a document for its records
  - The documentation can be the Village Board’s approval of the IGA

# A Closer Look: Example Resolution

Multiple questions have been submitted requesting an example Resolution.

## Where can I find an example Resolution?

- The Village of Schaumburg passed a Resolution allowing the Village to enter into an IGA with Cook County for CRF funds, and this example is in the public domain here: <https://lfweb.schaumburg.com/weblink/DocView.aspx?id=1078134&searchid=e0d737d1-4242-4d7c-bbe6-3ae52b7a4c9a&dbid=0>
- Again, your resolution should follow the required protocols associated with your suburban municipality legislative resolutions

### General Information

Organization Name	Name of Requesting Official	Submission Date
Riverview Park	Jane Doe	July 1, 2020

### Request Description and Background Information

Explain *what* the expenditure will be or has been utilized for (materials, projects, services, etc.):

These expenditures will be used to cover the costs of installing clear barriers in all Riverview Park facilities where our staff interact regularly with the public. This group of projects will include the costs of both materials and the cost of labor to build and install these guards. We will be purchasing large sheets of plexiglass to create transparent shields and office partitions that will allow our staff to interact safely with our citizens. We will also be utilizing one of our regular contract carpenters to complete the installation.

Provide detailed explanation of what was purchased or intended expenses

# Sample Application

Provide detailed explanation on how the expenses directly relate to the public health emergency

Indicate the total amount requested (project specific and date specific to the extent possible):

\$75,000

Explain *how* expenditures will be or have been used to respond to the public health emergency (utilize the guiding questions below along with the attached Funding Guidance and FAQ document). Note: incomplete descriptions may lead to funding delays or denials of requests.

- *What impact will this project have or has had on your organization's service level / ability to reopen or maintain operations?*
- *What segment and size of the population is the project expected to serve or has served?*
- *How is the success of this project related to other projects?*
- *What are the projected consequences, if the request is not approved or project is not reimbursed?*

These guards will allow us to protect our employees and reduce the spread of germs and bacteria with clear plastic barriers, sneeze guards, protective face shields. Coronavirus has rapidly forced us to change the way we do business and how we interact with citizens. Our employees will feel more comfortable returning to work, reopening, and serving the public when they feel they are safe.

We have six facilities where the general public enters the city's indoor office spaces regularly. Each of these spaces includes walk-up windows and service desks. Riverview Park sees a through-put of about twenty-five customers at each location per day.

We expect that by successfully completing this project, along with deploying additional disinfection procedures, we will help to mitigate the spread of COVID-19 while also maintaining our operations and serving the public.

If we cannot complete this project, our public-facing staff and our citizens will lose confidence in the cleanliness and safety of our facilities.

Are any requested funds expected to be expended after December 30, 2020?

No

If any requested funds in this application are for expenses not yet incurred, when are such funds expected to be incurred (*please be as precise as possible*)?

Because of delays in the availability of materials, the anticipated timeline for acquiring the materials, and then constructing all partitions and guards is September 29<sup>th</sup> to October 10<sup>th</sup>.

Indicate intent of future spend

# Sample Application

Indicate if previously applied for FEMA funding for eligible COVID-19 related expenses

<p>If expenditures are FEMA-eligible, has applicant already requested FEMA reimbursement for such expenditures? If so, please provide Applicant #. If not, why not? Please explain: We have already applied to FEMA for other expenses that were directly related to the emergency.</p>	Yes
