As a public agency, the Office of the Chief Procurement Officer welcomes all vendors to participate in the open and competitive process. This buying plan contains hundreds of great opportunities for vendors to do business with Cook County.

OCPO encourages all potential vendors to use the information provided in this plan to assist them in future procurement efforts. Please contact Procurement staff or visit our website at cookcountyil.gov with any questions regarding procurement and contracting procedures.

Shannon E. Andrews
Chief Procurement Officer

Dear Vendor:

Thank you for your interest in doing business with Cook County. Cook County has approximately 5.2 million residents and a \$4.4 billion operating budget. We are proud of our work on behalf of our residents and taxpayers and I believe vendor relations are essential to ensuring continued successful operations.

We are committed to providing vendors with helpful tools and resources to easily navigate the procurement process. We are also striving to remove barriers to businesses and make sure our purchasing practices reflect our goal of shaping Cook County into a more effective, attractive business partner for minority- and women-owned businesses (M/WBE). This 2017 Buying Plan provides important information designed to make working with the County as easy as possible.

As a vendor, you play an integral part in the County's everyday operations. Vendors help our departments provide important services to our residents. Whether it's manufacturing life-saving equipment used by hospitals or technologies that modernize our criminal justice system, vendors play an important role in the County.

Since I took office, our Procurement Office has become more transparent, considerate, prompt and accessible. We are proud of the steps we have taken to streamline and improve the procurement process.

Thank you again for your interest in doing business with the County. Please do not hesitate to contact our Procurement Office if we can be of any assistance. I promise to continue working to make this County an even better place to live and do business.

Sincerely,

Toni Preckwinkle
Cook County Board President
