

Cook County
Department of Transportation and Highways

Public Meeting No. 1 | December 9, 2015

QUENTIN ROAD STUDY

Dundee Road to Lake Cook Road

PURPOSE OF THE MEETING :

- ▶ Re-initiate Quentin Road Study
- ▶ Describe Planning Process
- ▶ Review Existing Conditions
- ▶ Gather Input and Information

The Cook County Department of Transportation and Highways strives to provide a renewed and fresh course for the Quentin Road Study. We are incorporating an innovative and sustainable study approach and are committed to a transparent and collaborative process.

Renewed Planning Process

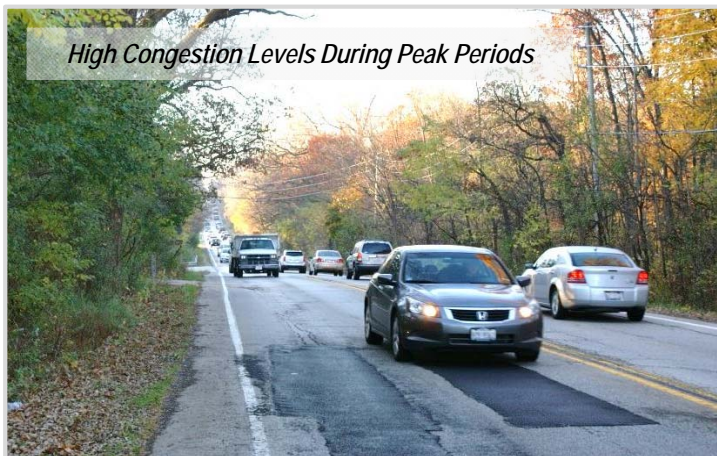

This study will focus on the unique context of Quentin Road, addressing the deterioration of an aging facility, while striking a balance between the transportation safety and capacity demands and the adjacent environmental resources.

Deer Grove Preserves

100+ Year Old Bridge Requires Replacement

High Congestion Levels During Peak Periods

Quality Natural Resources and Unique Habitats

Bike and Pedestrian Safety with Multi-modal Connections

Rutted and Cracked Pavement, Undefined Shoulders, and Poor Drainage
