

Cook County Government

DESIGN & CONSTRUCTION SECTOR OUTREACH EVENTS

WHAT ARE THE COUNTY'S GOALS FOR THESE EVENTS?

The County intends to issue solicitations to contract with multiple firms in Fiscal Year 2021 (FY21) for professional architectural/engineering (AE) and construction management (CM) services. The County also intends to issue multiple solicitation to the market for bid by general contracting (GC) and specialty contracting companies. The County seeks the broadest and most qualified range of potential firms and companies to deliver the greatest value to the taxpayers for these project opportunities.

HOW CAN I ATTEND?

The Outreach Events will occur online, on February 4 from 4:00 PM to 5:30 PM. Pre-register to attend at <https://tinyurl.com/y3u6zwwb> and you will be provided with the link to join the Microsoft Teams meeting. You can register up until the event starts. There will be separate breakout rooms available during the meeting for the AE, CM, and GC communities.

WHO SHOULD ATTEND?

Design and construction professionals of all types and trades interested in contracting or sub-contracting with Cook County Government on projects similar to the ones listed here. At this meeting you will learn about a variety of upcoming opportunities for your business.

The County promotes the inclusion of small businesses, including business enterprises owned by minorities, women, veterans, and persons with disabilities. These meetings will also be opportunities for primes and subs to make contact with each other in advance of the advertisement of the solicitations.
