

Get \$0 at-home COVID-19 tests at CVS Pharmacy[®]

Starting February 15, 2022, get \$0 at-home over-the-counter (OTC) COVID-19 tests at most CVS Pharmacy locations.*

There are two convenient ways to get your at-home tests:

1. Order online at **CVS.com** or the **CVS Pharmacy app**
Select “COVID-19 OTC tests”

2. **Visit the pharmacy counter at your local CVS Pharmacy**
If tests are available, you'll need to show your member ID.

Ordering online is easy. Follow these simple instructions:

First get your insurance card, you'll need some information from it

Go to **CVS.com** or use your **CVS Pharmacy app** and select “COVID-19 OTC tests”

Next, enter your zip code and find the closest CVS Pharmacy with available tests

Select “OTC tests” and enter BIN, PCN, group member ID – you'll find them on your member ID card

Once your order is ready, we'll send you an email or text. Then stop in and see any CVS Pharmacy cashier at the front of the store** and provide your name and confirmation code to pick it up.

If you have any questions, visit **CVS.com** or ask your pharmacist.

Please note, online ordering is for members with employer-sponsored medical coverage. Medicare and Medicaid members can visit their local CVS Pharmacy in person.

* Does not include CVS pharmacies located in Target or Schnucks Pharmacies.

** Tests are not available in the drive-through. Orders not picked up within 72 hours will be cancelled.
