LIGHTING AND EQUIPMENT

ELECTIVE MEASURES

Please complete 0

YES NO N/A

1. Ensure all equipment is receiving preventative maintenance and that records for preventative maintenance and waste or hazardous waste manifests are maintained.

YES NO N/A

HELP

> Estimated electricity (kWh) reduced due to maintenance.

2. Replace any and all viable dry cleaning and other washing, drying, or fabric equipment with ENERGY STAR® certified or newer models of equipment. Replace equipment that is 10 years or older.

YES NO N/A

HELP

> Electricity reduced (kWh) from equipment replacement.

3. Use energy efficient lighting. Replace all halogen, incandescent, T-12, high-pressure sodium, and metal halide lighting with LEDs. Below, select the lights you have or what you've recently replaced.

> Lighting Energy Savings

This measure must be completed using the online form.

Pollution Prevention

REDUCE TOXICS USE

ELECTIVE MEASURES

Please complete 0

YES NO N/A

1. Replace detergents, spotting solutions, and cleaning supplies with low-toxic detergents, spotting solutions, and other cleaning supplies.

HELP

> Pounds (lbs) of hazardous waste reduced.

NA

2. Maintain compliance with the provisions of the National Emission Standards for Hazardous Air Pollutants (NESHAP) for perchloroethylene dry cleaning facilities, 40 CFR Part 63 Subparts A and M and Title 35 of Illinois Administrative Code, Subtitle Z: Air Pollution.

HELP

> Pounds (lbs) of hazardous waste reduced.

NA

3. Replace Perchloroethylene (PERC) based dry cleaning equipment with a less polluting alternative machine.

HELP

> Pounds (lbs) of hazardous waste reduced.

NA

STORAGE & HAZARDS

ELECTIVE MEASURES

Please complete 0

YES NO N/A

1. Properly dispose of all unused/prohibited spotters, detergents and other chemical products.

HELP

> Pounds (lbs) of hazardous waste reduced.

2. Use gloves and eye protection when using spotting chemicals.

HELP

3. Maintain documentation of product SDS (Safety Data Sheets) on site and provide an inventory to the Green Business Program staff.

Solid Waste

REDUCE WASTE

ELECTIVE MEASURES

Please complete 0

YES NO N/A

1. Create a customer drop off program for hangers. Reuse returned hangers when possible and recycle any hangers that cannot be reused.

HELP

> Pounds (lbs) of hangers collected annually.

2. For folded shirts and wash-and-fold garments, use paper wrapping with recycled content in place of plastic packaging.

HELP

> Pounds (lbs) of plastic packaging eliminated annually.

3. Use durable, reusable garment bags in place of single use plastic garment bags. Also offer durable, reusable garment bags for purchase by customers.

HELP

> How many disposable bags (lbs) were eliminated annually?
