CDBG PROGRAM HISTORY AND OVERVIEW

- The Community Development Block Grant (CDBG) Program is authorized under Title 1 of the Housing and Community Development Act (HCDA) of 1974. The primary objective of Title I of the HCDA, is the development of viable urban communities. achieved by providing the following, principally for persons of low- and moderate-income:
 - Decent housing;
 - A suitable living environment;
 - Expanded economic opportunities.

****No less than seventy percent (70%) of CDBG funds must be used to support activities that benefit low- and moderate-income persons****

ESG PROGRAM HISTORY AND OVERVIEW

- The Emergency Shelter Grant (ESG) was amended by the “Homeless Emergency Assistance and Rapid Transition to Housing” (HEARTH) Act of 2009 to become the Emergency Solutions Grant (ESG). The HEARTH Act amends and reauthorizes the McKinney-Vento Homeless Assistance Act of 1987.
- The primary changes include a greater emphasis on homelessness prevention, the addition of rapid re-housing, the regulatory requirements for Homeless Management Information System (HMIS) use, increased emphasis on performance, and a requirement for greater coordination and collaboration between the recipient and the Continuum of Care .

The regulations implementing the ESG Program are found at 24 CFR Part 576.
