

Have you considered LASIK?

Laser vision correction (LASIK) is a procedure that can reduce or eliminate your dependence on glasses or contact lenses. This corrective service is available to you and your eligible dependents at a special discount with your Davis Vision plan.

Is LASIK right for you?

Are you nearsighted, farsighted or have astigmatism? If so, LASIK could help you regain your vision through a single procedure.

How does LASIK work?

The FDA approved procedure reshapes the cornea so that light entering your eye is properly focused onto the retina. Vision is usually corrected immediately following the LASIK procedure.

Special pricing for Davis Vision members guaranteed to be lower than other carriers.
Plus! Flexible financing options available, 12 months interest free.

Quality

Our credentialed surgeons have collectively performed more than 7.5 million procedures.

Savings

Significant discounts may be included (depending on the plan).

Convenience

Over 1,000 locations across our nationwide network of LASIK specialists.

Davis Vision does not make any warranty or assume any legal liability or responsibility for the surgical outcomes or medical management of any laser vision correction procedures. All responsibility lies with the specific LASIK specialist and/or vision correction facility

What's next

Interested in LASIK? Here's what you can do next

1. Call **1 (855) 502-2020** for more information on LASIK benefits.
2. Our LASIK service experts will explain the program offered and answer any remaining questions.
3. Select a local in-network LASIK specialist, and set an appointment at a time that works for you!
