

## Pace Route 352 Service Changes

Effective January 4, 2021

### More trips to and from Chicago Heights

To improve service frequency, new trips will be added and most “short” trips on weekdays and Saturday and several “short” trips on Sunday, will be extended in both directions to serve Chicago Heights.

### Earlier and later service to and from Chicago Heights

Seven days a week, the service span to and from Chicago Heights in both directions will be extended to start about one hour earlier in the morning and end about one hour later in the evening.

### Other weekday changes

Between 95th/Dan Ryan and Harvey, southbound morning rush-hour service will operate every ten minutes and frequent (every 15 minutes) southbound evening service will operate about 2.5 hours later.

### Other Saturday changes

Between 95th/Dan Ryan and Harvey, frequent (every 15 minutes) service will now extend about one hour earlier in both directions. Frequent service will also now extend about one hour later for northbound trips and 4 hours later for southbound trips.

### Other Sunday changes

Between 95th/Dan Ryan and Harvey, frequent (every 15 minutes) service in both directions will be extended to start about two hours earlier in the morning and end about two hours later in the evening. Southbound afternoon trip times will be adjusted to provide more consistent departure times from 95th/Dan Ryan every 15 minutes.

### Many trip times will change.

Updated timetables dated January 4, 2021 are available for preview at [PaceBus.com](http://PaceBus.com) and will soon be available on buses and by calling (847) 364-7223.
